TO-NIGHT'S BATTLE

ddie Gardner and Freddie Green the Attraction-Expected to be Fast Throughout-A Good Prelim-

To-night at the Metropolitan Club's rena, at Fulton, Eddle Gardner, of his city, and Freddle Green, of Cleveand, will battle for a supremacy in a venty-round contest, at 128 pounds, nd a great argument is expected. The ids met once before, in Sandusky, last all, Green getting the decision. It was fifteen-round affair and Green was elve pounds heavier than Eddle. ey will mix it up in dead earnest toght, and Eddie's friends are of the nion that he will beat the fast evelander, Straight Queensbury rules

Eddle has shown considerable imcovement in his work the last six Aside from his defeats by ack McClelland, he has a good record, and with Oscar in his corner he can be depended on to tussie successfully with he best in the husiness. Oscar has ofen said that Eddie can hit harder than he can, and in their bouts to-gether it has been remarked that Eddie was the equal of his brother. Eddle, nowever, lacks the head and the ring generalship possessed by Oscar. He is improving vastly in this regard, and with Oscar back of him he should be here to-night with colors flying.

The Cleveland boy is almost an unnown quantity around here, but up on the lakes he is said to be the whole on the lakes he is said to be the whole, thing. He is a young, hardy fellow, strong and clever, and Eddle, who should know, admits that he is a dangerous customer. McGOVERN AND DIXON.

Both Are Ready for the Great Battle Tuesday Night.

NEW YORK, Jan. 7.-Terry McGovard work yesterday before their chamionship battle on Tuesday night. Each flowed the same programme-a brisk ten-mile walk broken up by sprints of rom 100 to 400 yards, in the morning, hen an hour and a half rope-skipping, rymnasium work and boxing in the af-

McGovern began his afternoon' work by boxing four rounds with Jack Burns, who weighs 132 pounds. Then he took on in rapid succession Paddy Gorman, 160 pounds; Joe Fairburn, 122 unds, and Danny Dougherty, a lively 10-pound youngster. When the day vork was over Terry weighed only 117 bounds. His road work was done while e wore four thicknesses of heavy flanrels besides a big abdominal bandage of red flannel. When Terry went to linner he was as hungry as three hunt-ers and as jolly as if training and ghting were as mere picnic.
"I hope Dixon's well; he'll have need

be," said Terry, smiling. George Dixon did his ten miles of orning road work on River avenue, akewood, a hard, smooth road which ocircles Lakes Carasaljo and Manetta. His headquarters are at Jack Emerson's cottage, about a mile outside of Lakewood, N. J., where he has often done his training for the ear. After dinner and a good rest George sparred twenty hard rounds with Charley Miner, his trainer, and two black sparring partners, who all rushed him as long as they could keep

Dixon, too, weighed only 117 pounds at the end of his day's work. He has had no trouble at all in getting to weight, he says. He looks a picture of perfect health. He is just as modest

don't see any reason why I can't lick McGovern," was his smiling reply when asked how he felt about the fight. George's sparring shows that he has not lost a particle of his speed.
"I see," said Charley Miner, "that

McGovern's people have lots of good noney just now and are talking of 2 to 1 against us and banking on a tenund picnic. What gets me is what the ther fellows are figuring on. We know Cerry is a hard hitter and clever; but hat doesn't always win, and it isn't good for a 2 to 1 shot. They say he is young, and so he is, but tender years aren't everything in a prize-fight, and e know-that-Terry has had one-twothree from boys who are not classed at all by ring men.

"Now, look at George there. What if he has been fighting fourteen years! He's only twenty-nineshow, which isn't a great age, is it? He's fought more nattles than we can keep count of, and never lost but two. I have been with him for years, and I know he's as good a man now as he ever was in his life. And he'll be as good on Tuesday as he The 2 to 1 problem was evideatly still at work in Miner's mind, he broke in with:

"I'm sorry for those people of Terry's, for they'll lose money as if they were in Wall street, George will have the long end of the money at the Broadway Athletic Tuesday night and or side will have a hand-out all right. You remind me of this next Wednes-

Dixon will do just enough work now to keep at weight. He will leave Lake-wood on the 18:50 train Tuesday morning and arrive in New York at 13:50. He

will be ready to weigh in at the Broadway Athletic Club at 3 o'clock, wh both boys are required to scale at 118

Wheeling vs. Wellsburg.

The entertainment that the Wheeling The entertainment that the Wheeling boys are arranning for their Wellsburgs friends is quite elaborate. Hotel arrangaments have been delegated to a committee of the Wheeling team, and it is an assured fact that the "inner man" of the up-the-river boys wil not be left to compiain. John Roth, William Detweller and August Marschner have promised to add their talent to the programme. The management of the Fette alleys will be kept busy for the next few days in arranging the seats.

SAID TO BE ALUM POISONING.

Serious Cases of Illness Reported From the Use of Impure Baking Powder.

Johnstown (Pa.) Tribune: The poisoning of the Thomas family, of Thomas family, four members of which were reported to have been made dangerously ill by impure baking powder used in mixing buck-wheat cakes, has been further investigated.

wheat cakes, has been further investigated.

The original can with the remainder
of the baking powder left over after
diffing the cakes was secured by Dr.
Critchfield. The powder had been
bought at a neighboring country store,
and was one of the low-priced brands.
Dr. Critchfield said that the patients
had the symptoms of alum poisoning.
As the same kind of baking powder is
sold in many city groceries, as well as
country stores. Dr. Critchfield thought
it important that a chemical examination should be made to determine its
ingredients. He therefore transferred
the package of powder to Dr. Schill, of
this city, for analysis. Dr. Schill's
report is as follows:

I certify that I have examined chemically the sample of * * * baking powder forwarded to me by Dr. Critchfield.
The specimen contained alum.
Dr. Francis Schill, Jr., Analyst.
Alum is used in the manufacture of
the lower priced baking powders containing
the sample of baking powders. It is
a mineral poison, and for this reason
the safe of baking powders containing
it is in many cities prohibited.
